COST

Total tuition and required fees for the entire program completed in normal time: \$85,520*

*CIM Tuition and fees are updated annually, with an increase in tuition and fees to be expected each year. Year 2 would be at the higher rate, as applicable. The cost above was calculated by multiplying the 11-12 tuition and fee estimate of \$41,260 by 2 years. Most students apply for financial aid, which would likely significantly reduce this net price.

Total estimated costs for books and supplies for the entire program: \$600 per year x 2 = \$1200
