Supervisor: Marjorie Anderson

Orchestra Set-Up Manager (5)

The goal of the position of Head of the Set Up Staff is to support the mission of CIM by contributing significant leadership to the process of creating a professional-level environment for students and faculty. It is the duty of the Head of the Set Up Staff to lead the Set Up Staff in meeting its commitments in a timely and thoroughly professional manner and acting as a liaison between the "contact" person in charge of Set-up-supported events and the Staff, knowing that in providing students and faculty with essential logistical support, s/he is making a major contribution to the quality of the professional environment of CIM.

In keeping with the mission of the school and the goal of the position, the duties of Head of the Set-Up Staff include, but are by no means limited to the following:

- Coordinate and perform the following set up/tear down duties as assigned:
 - All CIM Orchestra rehearsals, sectionals, concerts and run out concerts (including Conducting Major concerts)
 - University Circle Wind Ensemble rehearsals and concerts
 - Violin Orchestral Repertoire Class

In general, the Head of the Set Up Staff should be at all performances for which set up is required in order to supervise the staff. The Head may designate an alternate staff member to act in a leadership capacity, with the advance permission of either the conducting staff or supervisor. The Head must petition at least one week in advance for permission to be absent from such performances. Permission may not be granted unless an appropriate staff alternate is available and has been instructed in, is willing to perform, is capable of executing and agrees to assume responsibility for all of the required details of the assignment(s) on the date(s) in question.
